

Viroc-Цементно-стружечная плита

Viroc is a composite panel consisting of a mixture of wood particles and cement called the Cement Bonded Particle Board (CBPB). It combines the flexibility of wood with the strength and durability of cement, allowing a wide range of applications both indoors and outdoors. The production of Viroc panel complies with the specifications of EN 634 and EN 13986 standards and carries the CE Marking ...
